Under the umbrella of the group, "Chenli Education" offers professional teaching resources, providing comprehensive planning and specialized services from primary school entrance to private junior high school, junior high school entrance exams, high school entrance exams, subject-specific exams, and second-stage interviews. Leveraging Chenli Education's robust educational platform as a foundation, in 2024, we will actively expand the enrollment of comprehensive subjects in the junior high school departments of each branch and offer summer and winter camp programs, while also expanding enrollment in elementary schools. We anticipate becoming the growth engine for each branch school.
  - B. Chenli Education plans to establish 3 directly operated schools, covering elementary, junior high, and high school levels, in the rapidly growing population area of Zhubei. This initiative is expected to become a key development highlight in 2024. Besides aiming to enhance the academic performance of students in Zhubei, it also aims to increase brand exposure.
  - C. In 2023, Chenli Education made a strategic investment in establishing a company in Indonesia. It anticipates entering the local primary and secondary school markets with online mathematics learning and assessment systems. Additionally, it plans to offer Chinese language courses targeting the expatriate white-collar professionals in Taiwan. The aim of this multinational expansion is to enhance the capabilities of the overall system at an early stage.
  - D. The group, a leader in the supplementary education industry, has pioneered a collaboration with FarHugs, an online psychological counseling platform, breaking ground in the field of academic advancement. This partnership aims to provide mental health services alongside academic support, aligning with the United Nations Sustainable Development Goals (SDGs) for quality education and well-being. Through this initiative, the group seeks to enhance students' academic performance while also nurturing their well-being.
  - E. In addition to maintaining its original collaboration models with STEMath Thinking Mathematics and curriculum-compliant mathematics programs, as well as partnerships with Childcare Kid and the private Elite Elementary School, Chen-li Elementary School under the group has further expanded its cooperation to include junior high school science and mathematics subjects. Currently, both the number of collaborating partners and the geographic coverage are continuously expanding, with promising revenue prospects from junior high school subject offerings.

The group's steadily growing comprehensive subject schools for academic advancement are expected to continue experiencing slight growth in 2024. High school services will be expanded to maintain market share, while junior high schools will expand their locations, subjects, and grades, collaborating with local childcare centers. The development of elementary and preschool sectors is still in the exploratory stage, with promising growth prospects in the future.

#### III. Impact from Future Development Strategies, External Market Environment, Legal Environment, and Global Environment

The cram school education industry is a licensed industry regulated by the central government and approved by the municipal government. Our corporate value is to operate legally and pay meticulous attention to public safety, which all of our business operating locations fit all the legal criteria.

Although Taiwan is facing severe population decline, specific areas such as Zhubei, Taoyuan, and Linkou still show a positive population growth trend. These areas also represent untapped markets. In addition to planning to establish a directly operated school in Zhubei in 2024, we also do not rule out the possibility of acquiring local startup teams. With excellent and comprehensive corporate governance, compliance auditing, and financial management, we believe that post-investment synergies can be achieved. In the future, we will closely monitor changes in the external competitive environment, regulatory environment, and overall operating environment, and adjust the company's development strategy in a timely manner to ensure that the company maintains a competitive advantage and sustainability in future development, and to return long-term support to shareholders.

The corporation will try its best to generate more revenue streams, and we hope to reward the shareholders for their many years of support with better operating results.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee or supervisors) are responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investment in other entities accounted for using the equity method to express an opinion on this financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chien-Hui Lu and An-Chih Cheng.
